III. Completing Application (Continued)

Plot plan required. Plan must show all dimensions and distances to lot lines, structures, underground utilities, right-of-ways, and easements. All overhead power lines within 36 feet of proposed construction must be shown.

General:

Construction shall not be started until the permit has been approved and issued. Any regulated activity started prior to the applicant securing the permit will be charged an additional administrative fee at the same rate as the required permit fee, not to exceed \$100.00. This shall be paid prior to the issuance of the required permit. All construction shall be in compliance with the building code currently in effect. No work shall be concealed until it has been inspected. When ready for an inspection, please schedule online at www.gbtgov.com -> I want to -> Building Inspections. If scheduling by phone, please call 810-424-2690 and include the job location and permit number. Please note: the phone scheduling system is only for scheduling 1 day in advance.

Expiration of Permit:

A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A permit will be cancelled when no inspections are requested and conducted within six (6) months of the date of issuance or the date of a previous inspection. Cancelled permits cannot be refunded or reinstated.

Soil Erosion/Sedimentation Control Permit:

It is the responsibility of the permit applicant to obtain an SESC permit or waiver from the Genesee County Drain Commission prior to commencing work under this permit. Permits can be obtained by visiting <https://www.gcdcwws.com/permit-process> or by calling 810-732-7870
